

## Press Release: JKIA Conducts ICAO Safety Drill

Tuesday May 19<sup>th</sup> Today at 7am, Kenya Airports Authority would like to confirm that they have successfully conducted a safety and emergency drill based on the following scenario of a terrorist storming and hijacking a plane bound from Nairobi to Mombasa with the Terrorist demanding that the plane be flown to Mogadishu. The plane was carrying XX souls on board and has been successfully stormed with XX casualties.

All airports under ICAO regulations and standards are obligated to do such drills once every two years to put to task their level of preparedness and safety standards.
