**RE: SUPPLY AND IMPLEMENTATION OF NETWORK ACCESS CONTROL SYSTEM FOR KENYA AIRPORT AUTHORITY  
TENDER NO: CAA/OT/HQ/1529/2018/2019**

**ADDENDUM NO.2**

The following are tender clarifications/addendum issued regarding the above tender in accordance to instructions to tenderers clause no. 2.5 and 2.5.1 of the bidding document for the referenced tender.

<b>NO</b>	<b>QUERIES</b>	<b>RESPONSE</b>
1	The technical specifications do not specify if a hardware or virtual appliance is required. Please clarify your preference	The solution should be compatible with the exiting Vmware virtual environment. However hardware appliance setup is also acceptable.
2	Kindly confirm that the requirement covers device administration for switches, router, Aps and firewalls	Device administration is not a mandatory requirement. However the specification provided are the minimum requirements and additional capabilities are acceptable.
3	Kindly confirm if you will have ONE server will sit in one location and other sites using the server for Access Control or if you want to have a Server Node at each site	As indicated in the specifications, the solution should support both centralized and distributed operation. However, where applicable centralized operation will be prioritized.
4	Kindly confirm the number of activated users within the active directory	Approximately 3000

The closing/opening date remains as **25<sup>th</sup> June, 2019** at the same time and venue.

This addendum forms part of the bidding document and is binding on all bidders. All other conditions remain the same.
