

CAA/OT/SEC/I536/2018-2019

2nd July, 2019

TO: ALL TENDERERS

RE: SUPPLY, INSTALLATION AND COMMISSIONING OF SECURITY SCREENING EQUIPMENT AT JOMO KENYATTA INTERNATIONAL AIRPORT

(FULL BODY SCANNER WITH MILIMETER WAVE TECHNOLOGY, 2D AUTOMATIC EXPLOSIVE DETECTION CABIN SIZE X-RAY MACHINE & WALK THROUGH METAL DETECTORS)

TENDER No. CAA/OT/SEC/I536/2018-2019

ADDENDUM NO. 3

The following tender clarifications/addendum is issued regarding the above tender in accordance to instructions to tenderers clause no. **2.6** of the bidding document for the referenced tender.

ITEM NO.	BIDDERS' QUESTIONS	REFERENCE PAGE	RESPONSE
1.	We have noted that on the payment schedule the term Letter of Credit (LC) is missing as payment option on section 3.12. Kindly note all this goods will be imported therefore the successful bidder will be required To transact with an LC to facilitate delivery of the project.	Page 35 Clause 3.12	The Letter of Credit will be provided for 60% of the Tender Price. The LC will cover only the imported equipment. Kindly amend your tender document to indicate this.
2.	Confirm if we are to include the prices of the recommended list of spare on the totals and export to the form of Tender or we provide them separately.	Page 55 and 57	The cost of recommended spare parts will be included in the schedule of prices (BOQ). Each equipment has an item for recommended spares parts within the BOQ.
3.	<i>The bidder shall provide copy of valid business permit in Kenya</i> Does this apply to Companies/ manufacturers that are not registered in Kenya?	Page 20 and 21	Every bidder is required to have a local representative in Kenya either as an agent or appointed dealer. See clause 2.12 on appendix to instruction to tenderers captured here below: 1. <i>This Invitation for Bids is open to the manufacturers or their</i>

			<p>appointed local agents with written letter of authority from the manufacturer</p> <p>2. In case of appointed dealers or agents, they shall have been in the business of supplying and installing similar security equipment for at least FIVE (5) years preceding this tender.</p>
4.	<p>Provide evidence of at least two (2) similar works and complexity (security checkpoint screening equipment) successfully supplied, installed & commissioned in the region for the last five (5) years (from 2014-2018) prior to the opening of this tender with an average value of Ksh.200 Million.</p> <p>1. What does “security checkpoint” entail? Is it only for airport “security checkpoint” or other “security checkpoint” at the borders or customs checkpoint also apply?</p> <p>2. Are there evidence of the similar works only for security checkpoint screening equipment or all other security screening equipment like EDS supplied to the airport worldwide for security scanning purposes are also qualified.</p> <p>3. Are the two (2) similar works only required “in the region”? Are the works done in Europe, Asia or other parts of the world also qualified? Kindly clarify</p>	Page 25	<p>1. Airport security check point comprise of equipment for screening passengers and their luggage before they are allowed in the aircraft.</p> <p>2. The evidence required is for airport security check point only and for the purpose of screening passengers in airports.</p> <p>3. This refers to Eastern Africa region. The requirement is to ensure the equipment supplied will be supported by the manufacture after the supply and also to ensure they meet the local climatic conditions.</p>
5.	<p>Syllabus to be covered as per Clause 2.31 (xi) item 4 and 5 of the technical specifications.</p> <p>The clause 2.31(xi) is not found in the document, kindly clarify</p>	Page 26	<p>Bidders are required to provide the syllabus (in summary form) that will be used to train the technical staff and operators for evaluation purpose.</p>
6.	<p>Vertical and Horizontal X-ray source/ beam, spins around the object during scanning taking hundreds of views at slightly different angles and then reconstruct the raw scanned data into volumetric 2D images in real time. Bottom up primary x-ray generation</p>	Page 42	<p>The minimum requirement is the equipment should be able to generate Dual View 2-D images in real time.</p>

	<p>1. Will it be accepted if the Vertical and Horizontal X-ray source/ beam are stationary to scan the object to generate dual-view 2D images?</p> <p>2. When the Vertical and Horizontal X-ray source/ beam spin around the object during scanning taking hundreds of views at slightly different angles, a 3D image will be reconstructed, in the meantime a 2D image and slice images will also be generated. Will it be accepted?</p> <p>Kindly clarify.</p>		
--	--	--	--

Bidders to amend the Bill of Quantities (BQ) on page 56 items 1.4 and 1.5 as follows:

Item	Description	Unit	Quantity	Total Price
1.4	Factory Acceptance Test (FAT) to be conducted before Equipment delivery	No.	4	Provide a Provisional Sum of Kshs. 3,000,000
1.5	Knowledge Transfer			
	Factory Training and Certification for Technical Staff	No.	4	Provide a Provisional Sum of Kshs. 2,600,000

The closing/opening date is hereby extended to **11th July, 2019** from 4th July, 2019

Kindly amend your tender accordingly and ensure the tender is valid for **120 days** and the tender surety valid for **150 days** from the **NEW** closing/opening date of **11th July, 2019** at **11.00 a.m.** The venue remains the same.
